A little bit about April...

April came to the centre as an unclaimed stray via the local dog warden. She is a very sweet natured, friendly and confident girl who is full of energy. April loves to run and burn off all her energy, she loves her toys and flings them about all over. April loves to live life to the max and will bring a smile to your face. April's most favourite thing in the world is to do zoomies and have fun, she will then crash and enjoy a long well earned snooze. April will need adopters who are as active as her and will take her on long exciting walks and adventures, she will need adopters who have a secure garden for her to be able to run around in as she will need to stay on the lead whilst out on walks. April is a super friendly girl who will make a fantastic addition to the family, she will need to be the only pet in the home and can live with children aged 10 years and over.
