A little bit about Tigger...

Tigger came to the centre via an inspector after his needs were not getting met, he is a sweet but very shy boy who will need to be given the time to settle. Tigger was part of a multi cat household so he could potentially live with another cat, adopters will need to be patient with Tigger and help him overcome his insecurities. Tigger will need to be kept inside longer than the average cat so adopters can make sure that he is settled and confident in his new home before even thinking about letting out. Tigger has not had the very best start to life and due to legal reasons he has had to wait a long time to be able to find a loving new home. We are looking for an adult only home for Tigger as he is so shy and not used to being around children. Tigger is a house cat.

My personality...
