A little bit about Crackle...

Crackle is a sweet girl who came to the centre via an inspector after they were found abandoned in a ditch along with three other dogs. She was quite understandably cautious and a bit shy when meeting new people, she is settling in well and coming out of her shell. Due to her traumatic past, Crackle will need adopters who has the time and patience to give her while she adjusts to living in a home environment. Crackle is a real cuddle monster who loves nothing more than snuggling in for cuddles and attention, she is playful and just a joy to be around. She is still young so will require some further training but she is keen to learn as loves to be with her people. Adopters will need to come a few times to get to know her before adoption, adopters will need to meet with our trainer to give them the best chance of a successful adoption. Crackle could live with a compatible dog after a successful introduction at the centre in an adult only home where she will not be left on her own for long periods.
