A little bit about Jessie...

Jessie is a very sweet but extremely nervous girl who came to the via an inspector as her needs were not getting met. She came from a multi dog household so unfortunately she has had very little experience of the world outside her previous home. Jessie is receiving behaviour and emotional support from our behaviourist. Jessie is doing ever so well and has built a bond with staff members and is slowly realising it's not so bad outside. Our behaviourist will be available for post adoption support if needed and will advise before adoption to help her settle. Once Jessie has bonded with you, she is a very loving, loyal and affectionate girl who will sit for hours getting snuggles and belly rubs. She absolutely adores being groomed and will fall asleep while she is getting brushed. In true collie form Jessie loves playing with tennis balls with you, although still grasping the bringing it back to you part. Jessie will need a home where there is a secure back garden so she can have fun times safely with her new family. Jessie is sociable with other dogs her own size and could live with another after a successful introduction at the centre, she will need an adult only home where there is someone at home most of the time.
