A little bit about Koda...

Koda is a lovely lad who came to the centre as his previous owner no longer wanted him. He is such a great dog with so much potential to offer his new adopters. He has settled in nicely at the kennels and has the staff wrapped around his paws. Koda is super intelligent and has shown to really enjoy learning new things and has excelled in learning how to do scentwork, he would his new family to be active and continue teaching him new things to do. Koda is an active lad who loves getting out and about, he makes the most of every single moment taking everything in. He is looking forward to a life filled with exciting adventures with his family. Koda will need a family who are at home most of the time as he does not like being left on his own, he just needs to be shown it really is not too bad on your own. Koda is sociable with other dogs out on a walk and walks really well on the lead. Koda could live with a compatible dog after a successful introduction at the centre and children aged 10 years and over.
