A little bit about Taylor...

These gorgeous group of kittens came to the centre via an inspector after their needs were not getting met, they were quite poorly when they first arrived and have now recovered from their illness, are fighting fit and ready to start looking for their forever homes. They are happy, playful, cheeky, mischievous and loving, everything a kitten should be. They can often be found playing with their toys and having zoomies with each other, they will then settle down for a nap, ready to start all over again. They really are a really lovely group of kittens who will make the most wonderful family pets, they are suitable to live with children aged 6 years and over and can live with other cats. They will need adopters who are at home most of the time while they are still so young.

My personality...

I may be able to live with another cat

I need to be kept indoors until I am neutered

I could live with children of primary school age

I'm full of energy and love to play
