A little bit about Milo...

Milo came to the centre via an inspector after his needs were not getting met, due to lengthy legal proceedings Milo has been care for quite some time now. Milo had been adopted out but sadly it did not work out and he was returned to the centre so we could find him another new home. Milo is a very friendly, sweet and loving boy who will sit on your knee for hours having a fuss if he could, he is the true definition of a lap dog. He is also a tenacious little terrier from a working background so adopters must take this into consideration and channel his natural instincts into play. He will need adopters who can challenge Milo's natural genetics to problem solve and have his mind kept busy. Milo is a mixture of lazy lap dog to intelligent, hard working and inquisitive terrier. Milo's adopters will need a fully secure fenced in garden, his adopters will need to be keen to do activities with him, he needs a job to do. Milo will need to be the only pet in adult only home.
