A little bit about Henry...

Henry is a sweet boy who came to us via our vets after he needed some medical treatment, he has been a street cat for the last 13 years so it is about time he got a family of his own with a nice, warm and comfy home. Henry is a friendly boy who is just a little overwhelmed at being in a rescue centre, he is adjusting well and now just needs his forever home to settle down and retire in. Henry loves feeling safe under his castle and this is where he spends most of his time, he really enjoys a fuss and is now learning that living indoors in a comfy warm place is great. He will be a little nervous when first going to a new home so his new family will need to give him some time to settle and help him overcome his insecurities. We are sure in time he will love cuddling up on the sofa snoozing his days away without a care in the world. Life for a street cat is pretty tough so we are all looking forward to him finding his happy ending. Henry will need to be a permanent house cat in an adult only home where he is the only cat. Henry is hyperthyroid and takes daily medication to keep this under control.

My personality...

I need to be the only cat

I need to be a permanent house cat

I need an adult only home

I'm a shy guy; I'll need time to settle
