A little bit about Molly...

Molly is a lovely little lady who came to the centre after her devoted owner passed away. Molly is a super little dog who walks very well on the lead, love being out and about having gentle strolls and love a fuss and a cuddle. Molly would love an adopter who will share the sofa with her and give her lots of cuddles. Molly is a great little dog who will make a wonderful addition to family, she will suit a family who are looking for a nice quiet dog who loves lots fuss and attention. Molly has recently undergone major life saving surgery to remove one of her kidneys, she has recovered from this so well and we are so proud of her to overcome this life threatening condition. She now acts like she has never had anything done, she is fit and healthy and ready to start a new chapter in her life. Molly will need to be the only dog in the home and can live with children aged 10 years and over.

My personality...

I walk nicely on a lead

I can be left alone for short periods

I could live with children of secondary school age

I'm small but full of fun

I need to be the only dog in the home

I love fuss and attention
