## A little bit about Stella & Addie...

Addie and Stella came to the centre via an inspector after being removed from a multi cat household. They are initially a little shy but not taking very long to settle and come round. Addie ( tabby and white ) is the most confident out of the two, she will come to you straight away for a fuss, Stella is a little more reserved and hangs back. Once she sees her sister having a fuss she will then come for a fuss and settle down. They are easily spooked with sudden and loud noises so will need quiet, patient and understanding adopters, once they have settled in they will be the sweetest and most loving little kittens. They do love to play with their toys, mostly when they think you are not watching. They are very bonded and Addie gives Stella the confidence to explore new things and play so we will be homing them together. They will need an adult only home where they will either be permanent house cats or they must be kept inside until they are confident and at least over a year old.
