## A little bit about Texas, Frisian, (Guernsey & Jersey RESERVED)...

These lovely little girls came to the centre via an inspector as their needs were not getting met. They are typical puppies, playful, mischievous and loving. They are at the perfect age to be finding their forever homes and are looking forward to a long prosperous life with their families.

Texas and Guernsey are being treated for a skin condition called Puppy Strangles at present ( this is not contagious to dogs or people. Staff will be happy to talk to any potential adopters ), they are pretty much fully recovered so we are now looking for them to find their new families.

They are suitable to live with other dogs, children aged 10 years and over and will need someone at home with them while they are still so young.

Texas loves wagging her tail.

Guernsey loves to lick you. RESERVED.

Friesian loves to stick her tongue out.

Jersey loves to say hello. RESERVED.
