A little bit about Rhubarb...

Rhubarb came to the centre as an unclaimed stray via the local dog warden, she is a sweet girl who is quite nervous when meeting new people and going to new places. It does not take her long to relax and get to know you though. Once she does know you, she is the sweetest, loveliest and most affectionate dog. Rhubarb now walks well on the lead and likes to be out and about enjoying the countryside, she will walk comfortably with known dogs but can be unsure around unfamiliar dogs, adopters will need to carry on with her training with this. Potential adopters will need to commit to numerous meet and greets so she can build up a trust with. Rhubarb loves being groomed and will sit for as long as you want while she is being pampered, she also absolutely loves a belly rub and will run to you and dive on the floor for a belly scrunch. Rhubarb is a very loving and loyal dog and will make a very faithful best friend. Rhubarb will need to be the only pet in an adult only home. Rhubarb has a little arthritis and manages well on a daily anti inflammatory.
