## A little bit about Peachy...

Peachy is a very sweet girl who came to the centre via the dog warden. Peachy was in appalling condition when she first arrived, she was heavily matted to the point where she had to be completely clipped, her eyes were very sore from all the matted fur and her teeth were in horrendous condition. She has had her dental and unfortunately her teeth were so bad she only has three remaining. Peachy has been such a brave little dog throughout all her treatment and now she is on the road to recovery and ready to find herself a new family. Peachy is ever so affectionate and loves to be with you and is a true definition of a lap dog. She is looking for adopters who want a dog who will sit on your knee getting snuggles and a family who will allow her to sleep upstairs with them. Peachy can be a little shy when meeting new people, she is a quiet little girl who will need a home with a family who have a quiet lifestyle. She walks well on the lead and is a dog who will not require too much exercise as she would much prefer to be snuggled up at home on your knee. Peachy is pretty social with dogs outside of the home but after being at home with a member of staff it is clear she will not share her home of family with another dog so she will need to be the only pet in an adult only home.
