A little bit about Olive & Rosemary...

Olive and Rosemary came to the centre with their brothers and mum after their previous owner could no longer keep them. They are quite nervous and frightened little kittens at the moment. They are slowly learning to trust us here at the centre and have improved so much from when they first arrived. They will need quiet and patient adopters who will help them overcome their insecurities and help them settle in to their new home. Potential adopters will need a spare room they can dedicate to Olive and Rosemary until they have gained in confidence and settled in. They will make lovely little additions to the home with adopters who are willing to give them a chance and help them turn from nervous little girls to confident big girls. They are suitable to live with other cats but will need an adult only home and will be suitable permanent house cats.
