A little bit about Fargo...

Fargo came to the centre as sadly his previous owner could no longer keep him. Fargo is a lovely young, lively and happy dog who has unfortunately found himself looking for a new forever home. He is a typical young lad with lots of energy to burn, he loves to live life to the max. Fargo will need adopters who are able to keep him both mentally and physically stimulated. He is very intelligent and loves to learn new things, it is really important for potential adopters to keep his mind busy. Fargo is a great dog who has his whole life to live, he is looking forward to a life filled with exciting adventures he can share with his family. He will benefit from some further training which the staff have started here at the centre, he is a big strong boy who can sometimes forget his size. Fargo forms strong bonds with his people and will make a wonderful, loyal and faithful best friend to the family who adopt him. Fargo is sociable with most other dogs but can sometimes be a little excitable for shy or older dogs. He could possibly live with another dog after a successful introduction at the centre but would need an adult only home where there is someone at home most of the time.
