A little bit about Malteser...

Malteser came to the centre via an inspector as the previous owner could no longer meet his needs. He is a lovely boy who loves attention and loves being with his people. He will always come running when he sees you craving a fuss, he will make a really fabulous addition to the family. Malteser can often be found either snoozing in his bed, watching the world go or just sat waiting for some fuss. He is not really a cat that plays with his toys but once he is settled in a home we are sure his playful side will come out. Malteser does not really like being with other cats so will need a home where he is the only pet and could live with children aged 8 years and over.

My personality...

I need to be the only cat

I'll probably spend more time inside

I could live with children of secondary school age

I love a cat nap
