A little bit about Bella & Kev...

Bella and Kev came to the centre many months ago now via an inspector, after lengthy legal proceedings these two gorgeous dogs can now start looking for their forever home. Bella is Kevs mother and they are really quite bonded so we are hoping we can them a loving home together. Bella and Kev are both really lovely dogs who absolutely love being with people getting lots of cuddles, they would love a sofa to snuggle up on with their new family. They have waited far too long and it is time they were part of a loving family who will cherish them forever. They are such an easy going pair of dogs who will make wonderful family pets, they walk well on leads and enjoy spending time out of their kennels. Kev loves being out and about on his walks taking in all the scenery and sniffs, Bella much prefers a little potter then spending time with staff and volunteers in our Dolly House snuggled up on the sofa getting lots of cuddles. Bella and Kev are totally devoted to each other, they are sociable with other dogs and can live with children aged 6 years and over.

My personality...
