A little bit about Graham...

This magnificent chap came to the centre straight from the racing track after he could no longer race anymore. Graham is such a lovely, big and gentle boy who just loves being with people and getting a fuss. He is a true gentleman and a real favourite with our volunteer dog walkers, he walks really well on the lead and has impeccable manners. Graham is all for the quiet laid back approach to life, he does love being out and about enjoying his walks but he is then happy to get back for a snooze. Graham's favourite time of the day is food time, he absolutely loves his grub. Sadly Graham sustained an injury on the track and requires daily anti-inflammatory medication to keep him comfortable, he takes his medication really well and with no issues so please do not let this put you off. Graham really is a super fab dog who will bring so much joy to his new family, Graham is suitable to live with another dog of similar nature (not too lively or energetic) and could live with children aged 12 years and over.

My personality...

I walk nicely on a lead

I need teaching that it's ok to be alone

I could live with children of secondary school age

I'm quiet but full of love

I may be able to live with another dog

I love food and treats
