A little bit about Atlas & Sprite...

Atlas & Sprite are a very special mum and daughter duo who came to the centre via an inspector after being found in terrible condition. On arrival at the centre they were both frightened, thin and just not in great shape. They have been through so much and it is heartbreaking for us seeing what they have had to endure. They have both received the veterinary care they needed, they have been given good food and lots of tender love and care. We now feel they are ready to leave their past behind them and look for a family who will love and cherish them and give them the stable loving home they deserve. Understandably they have both been left a little untrusting when it comes to people, slowly they are healing and learning to trust again. They have come on so much since first arriving here and we know in a home they can flourish and love again. They will just need adopters who will give them a little time and help them overcome their insecurities and to love them unconditionally. They say the love between a mum and daughter knows no boundaries and Atlas has proved that and taken care of her baby girl Sprite throughout everything. Please consider opening your heart and home to a pair of the most deserving cats. They will need an adult only, pet free home where they are permanent house cats.
