A little bit about Mabel...

Mabel is a sweet girl who came to the centre via the local stray dog service after she was found abandoned and left to fend for herself. She was quite underweight and had a dull coat, she has now put on weight and is a healthier dog ready to find her forever home. Mabel is a lovely natured dog who walks well on the lead and enjoys being out and about exploring and taking in all the interesting sights and sounds. Mabel will need patient adopters who will help her settle in to a home environment, she may never have lived in a home and part of a family before. She is a lovely natured dog who just wants that chance to snuggle on the sofa with a family who will love her as much as she loves them. Mabel is sociable with dogs when she knows them and walks well with other dogs from the centre, she loves to play and can be quite excitable. She will need adopters who can help along the way. Mabel is suitable to live with children aged 10 years and over and could live with a compatible dog after a couple of successful meets at the centre.
