A little bit about Frog...

Lovely lad Frog came to the centre via the local stray Dog service. He was extremely nervous and very shy when he first came to us, with lots of gentle training and TLC Frog has matured in to a smashing dog. Although he is so much more confident with the staff here at the centre he still can be a bit anxious and head shy when meeting new people. Adopters will need to carry on with the gentle socialisation training that has been started at the centre. Frog loves to run off lead in our secure compounds and loves playing with a ball, he still has to master the concept of bringing the ball back to you but being a lurcher it more the thrill of the chase for him. He also loves being in the comfy room getting snuggles from the staff, he has learnt that hands are a source of comfort now and not pain. Frog really is a very sweet boy who has missed out on so much in his young life. He is now ready to face the big wide world and all it has to offer. With his family by his side to keep him safe he looking forward to a brighter future.
