A little bit about Polar Bear...

Polar Bear is a very sweet natured boy who came to the centre via an inspector after his needs were not getting met. Polar Bear is such a friendly boy who really does love being with you, he loves his cuddles and can jump up to get attention so we are just working on some basic training with him. Polar Bear walks well on the lead and enjoys going out and socialising with people. He really is a very friendly boy who will make a wonderful, loyal and faithful best friend.

Polar Bear is happy boy who can always make you smile no matter the mood you are in, he loves life and thinks everyone is his friend. Polar Bear does like his walks but does not need excessive amounts of exercise.

Polar Bear does have a luxating patella for which he has seen the vet for, he is on pain relief for this and will need to remain on it for life. Staff will be happy to explain more about his condition to any potential adopters.

Polar Bear is social with other dogs and can live with a compatible one after a successful introduction at the centre, he is suitable to live with children aged 8 years and over.

My personality...

I walk nicely on a lead

I can be left alone for short periods

I could live with children of secondary school age

I'm small but full of fun

I may be able to live with another dog

I love fuss and attention
