A little bit about Martha...

Martha is great little cat who came to the centre via an inspector as her previous owner could no longer keep her. Martha was a little unsure when she first came to the centre but she has settled down nicely now and has blossomed into the most lovely girl. Instead of hiding away from us she will instantly come running to see you and get as much fuss as she can. Martha can normally be found snuggled up in her cosy bed but then as soon as she hears you she will jump up and start kneading at her blankets waiting to get a fuss. She really is a very sweet natured girl who will make a fantastic family pet. Martha could possibly live with another cat and is suitable to live with children aged 8 years and over. She will need to be a permanent house cat.
