A little bit about Coco...

What a lovely boy Coco is, he came to the centre as his previous owner could no longer keep him. He is a little shy to begin with but he knows you he is a really sweet and affectionate cat who will make a wonderful addition to the family. He is a great lad who enjoys playing with his toys with you, he will then have a snack and take a nap. Coco is used to having access to outside via a cat flap so his new adopters will need to live in a safe area away from busy roads as once he has settled in he will need to have safe access to outside. Coco is used to living with other cats so could possibly live with another again. He could live with children aged 13 years and over providing they understand he will need time to settle in. Coco will make a lovely addition to the family.

My personality...

I may be able to live with another cat

I need to be able to go outside and explore

I could live with children of secondary school age

I love a cat nap
