A little bit about Moss...

Moss is a lovely little lad who came to the centre via an inspector after he was found living in squalid conditions along with many other dogs. Due to his past being very restricted, it has left him unsure when trying to adapt to new situations and surroundings. He is a very sweet natured boy who is learning that there is a whole world out there for him to experience, he is beginning to understand that life can be fun and exciting but it all has to be done at his own pace. Moss is much more confident when around dogs and you can see a definite change in his character when he is with them, it would be great if he could live with an existing confident dog but not essential. He has missed out on so much in his short life and has so much to experience for the first time, he has never lived in home so his adopters will need to be patient and understanding of his needs. He will need someone at home with him most of the time to begin with to help him with the transition in to a new home. He will repay you with loyalty, fun and lots of love. Moss is suitable to live with other dogs and will need an adult only home.
