## A little bit about Snowy...

Snowy is a lovely lad who came to the centre via an inspector after he was found living in squalid conditions along with many other dogs. Due to his past being very restricted, it has left him unsure when to adapting to new situations and surroundings. He is a very sweet natured boy who is learning that there is a whole world out there for him to explore, he is beginning to understand that life can be fun and exciting but it all has to be done at his own pace. Snowy walks well on the lead, he can traffic a little daunting so he will need some training around traffic, he is slowly being exposed to roads at the centre and building up his confidence is going well. Adopters will need to commit to continuing with his training, he is a bright lad who has done ever so well since arriving at the centre. It is time for Snowy to find a family of his own who will show him the way life should be, he is looking forward to a brighter future with lots of adventures and making up for lost time. He will need someone at home most of the time while he adjusts to living in a home environment. Snowy loves belly rubs and will sit and lap up all the cuddles he can get. He will make a wonderful addition to the family. Snowy is suitable to live with other dogs after a successful meet at the centre and could live with children aged 14 years and over.
