## A little bit about Flame...

Flame is a lovely lad who came to the centre via an inspector after he was found living in squalid conditions along with many other dogs. Due to his past being very restricted, it has left him unsure when to adapting to new situations and surroundings. He is a very sweet natured boy who is learning that there is a whole world out there for him to explore, he is beginning to understand that life can be fun and exciting but it all has to be done at his own pace. Flame is doing exceptionally well since arriving at the centre, he is still a little underweight but doing great. He is slowly getting used to the outside world and is really enjoying going out on his walks. He is nervous of busy roads and loud traffic but is starting to realise it is not that scary. Adopters will need to understand his anxieties and continue with his slow introductions to the world outside. He is very shy and nervous when meeting new people so introductions must be taken at his pace. Once Flame has settled and got to know you, he is such a sweet heart, he really loves attention and getting snuggles. He is a very gentle and calm natured boy who will do well in a calmer quieter home. He will need someone who at home most of the time as he has never been in a home before. Flame is sociable with just about all dogs he has met and is best friends with Blaze, he can either be adopted on his own, with another dog or with Blaze. He will need an adult only home.
