## A little bit about Fleet...

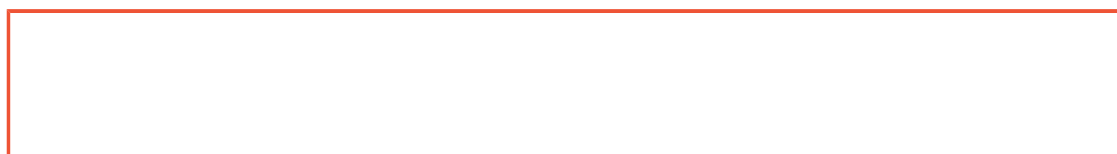

Meet Fleet – our gentle giant with the biggest heart.

Fleet is a big, friendly lad who absolutely loves everyone he meets. Despite being an older boy, he is still wonderfully fit and active, enjoying frequent short walks and plenty of attention from his people. He does have some mild arthritis due to his age, but it certainly doesn't stop him from enjoying life and making the most of every day.

Fleet's story is one of true resilience. He was found living in terrible conditions and was heartbreakingly close to death when he was rescued. Watching him fight back, learn to trust, and recover into the happy, loving dog he is today has been nothing short of incredible. We could not be prouder of how brave this special boy has been.

Now, Fleet is ready for the next chapter of his life — a forever home where he will finally know the love, comfort, and care he has always deserved. He is looking for someone who will cherish him through his golden years, offer him cosy places to rest, gentle adventures, and all the affection his loyal heart can hold.

Fleet has come so far, and we would love nothing more than to see him find his happy ever after.
