A little bit about Ruffles...

Ruffles is a really sweet girl who came to the centre via an inspector after being found living in appalling conditions, not only was she completely emaciated and dehydrated she was being forced to live in filthy conditions. Confined to a dirty and dingy cage for most of her life, Ruffles is now ready to leave his past behind him and start searching for his forever home. Ruffles was in a really bad way when she first came to the centre, her frail body was about to give up. Thankfully she is a fighter and had the will to live, with her determination and our care and veterinary treatment she turned a corner. Day by day she slowly started to improve, before she could have a general anaesthetic to sort her horrendous teeth out we had to help her to gain weight, improve her blood results to make her strong enough to survive the anaesthetic. Ruffles is one of the bravest, most resilient dog there is, after all she has overcome she absolutely deserves to be in a loving new home. Ruffles has a very kind, gentle and loving nature, all she wants is for someone to love her and give her affection. She will always snuggle in for a cuddle and really just wants to be with you. She is friendly with everyone she meets, she really has a heart of gold. Ruffles does not need a vast amount of exercise, she enjoys a little potter and will then settle down for a cuddle. Ruffles will make her new family the most loyal and loving best friend they could wish for. Ruffles is suitable to live with another quiet older dog after a successful meet at the centre and children aged 13 years and over.
