A little bit about Summer...

Summer is a sweet girl who came to the centre as her previous owner could no longer keep her. Summer is a really friendly girl who enjoys being out and about as well as just sitting getting attention from her people. She walks well on the lead and walk nicely beside another dog but does not really want to interact with them, she is much happier keeping herself to herself and focusing on her walk and her people. Summer has an obsession with her toys which we have been working on alongside our behaviourist, adopters will need to continue with this training with our support to help with the settling in process. She will benefit with adopters who are at home most of the time as she has not spent much time on her own and finds it a little daunting. Summer is at her happiest when she is surrounded by her people and friends, she will make a very loyal, loving and rather fabulous best friend for the people lucky enough to adopt her. Summer will need an adult only home where she is the only pet. Adopters will have a one to one session with the behaviourist before adoption and be happy to meet a few times at the centre before taking her home.
