## A little bit about Ella...

Ella has been advertised for a while now, but sadly, she has gained no interest or applications, not one. ? Sadly, Ella hasn't had the easiest start in life. She came into our care with poor dental health due to a lack of care in her past and heavily pregnant. ? But after Ella had finished being an amazing mum, she received the treatments she needed! She is now fully recovered, happy, and ready to start the next chapter of her life. Ella has a kind and affectionate nature. Once she gets to know you, she enjoys gentle head scratches, quiet company, and spending time with the people she trusts. ? However, Like many cats, she also values her own space and will politely let you know when she's had enough fuss. Ella is looking for a home with: No other cats or dogs - Non-negotiable. Children aged 13 years and over Medical Information - Fully vaccinated - Neutered - FIV/FELV tested (negative) - Up to date with flea and worm treatments - Microchipped - Full veterinary health check completed - Dental treatment completed
