A little bit about Wendy...

Wendy is now ready to start a new chapter Wendy has had a rocky road in her 2 years of life. She first came into us with her newborn kittens. Her and her kittens wasn't in the best of health when they arrived to us here at the cattery but they overcame there illness after treatment and started to thrive! Wendy however, had suffered from an old spine injury but after weaning her beautiful kittens and watching them find their new home she was ready to start fighting for herself again. After months of rest and rehabilitation, We're delighted to say that Wendy has recovered brilliantly and is now a happy, comfortable girl who is ready to find a family of her own. Wendy's spine will still need to be monitored throughout the course of her life. Due to this we are looking for an experienced home. Please get in touch with us if you have any further questions regarding Wendy and her old injury's. Wendy's ideal home Indoors only - Due to old injuries.
