A little bit about Ricardo & Rhys...

These sweet brothers are now looking for their new forever home, together. They are around 10 weeks old. These two boys are bundles of fun, love and absolute joy! They love nothing more than cuddles, toys and of course, playtime with each other! If they're not tackling each other or the toys, they are usually found curled up snoozing or running up to us with loud purrs and happy paws! They truly are sweet kittens with big hearts! They are such bonded brothers and love each other so wholeheartedly, so a home together is an absolute must! They could live with; Other cats (With correct introductions) Cat savvy dogs (With correct introductions) Children of any age Medical Information; Microchipped First vaccine given Fiv/felv tested (negative) Up to date with flea and wormer Full veterinary health check If local, and voucher will be provided for their 2nd vaccination which is to be done at our vets, if not local, they will be ready to go after their 2nd vaccine. A neutering voucher will be provided as they are still too young to be neutered.

My personality...

Please adopt me with my friend

I need to be kept indoors until I am neutered

I could live with children of primary school age

I'm full of energy and love to play
