A little bit about Coco...

Coco is a sweet girl who came t the centre via an inspector after her needs were not getting met. Poor Coco was in a complete state when she first arrived here at the centre. Her coat was dirty and matted, she was underweight and her eyes were extremely sore from an untreated eye condition. Coco was seen immediately by our vets and booked straight in for eye surgery. Her eyes are still healing but she is so much happier and now pain free. Coco is a lovely girl who is just so pleased to see you, she is affectionate and loves a cuddle, Coco enjoys going out for walks and takes in everything the countryside has to offer. Coco will make her new family a loving, affectionate and very loyal best friend. Coco is suitable to live with another dog after a successful introduction at the centra and children aged 12 years and over.

My personality...

- I walk nicely on a lead
- I can be left alone for short periods
- I could live with children of secondary school age
- I'm quiet but full of love
- I may be able to live with another dog
- I love fuss and attention
