A little bit about Snoopy...

Snoopy is a sweet boy who came to the centre via The Dog warden as an unclaimed stray. Snoopy is a lovely boy who has settled well with us after being a little scared initially. He has quickly come out of his shell and has proved to be a lovely natured boy, he walks well on the lead and is very well behaved when out and about. He has been taught some basic commands before coming to the centre so someone has cared for him at some point in his life. Snoopy loves his food and loves his cuddles, he can also be a little independent and take himself off for some time out when he feels like some quiet time. He likes to keep himself busy and loves to play with his toys and then he will have a nap and some snacks, he loves his snacks! Snoopy is a great little dog who will make a fantastic addition to the family. Snoopy is pretty disinterested in other dogs so would best suited to being the only dog in the home, he could have doggy friends on walks but we think he would prefer to be the only pet. He could live with children aged 14 years and over.
