A little bit about Diesel...

Diesel is a smashing boy who came to the centre via an inspector after he was found living in terrible conditions, poor Diesel has suffered so much in his short life. He is now safe and ready to start the next chapter in his life. Diesel is such a brave little dog and despite his rough start in life, his resilience shines through, his determination to live life to the fullest is very clear to see. Diesel loves his people and is now learning what it feel like to be safe and loved and will not let his past define him. Diesel is an extremely active lad and loves to live life to the max, he would love a home with active adopters who will take him on lots of exciting adventures and interesting walks where you can make lots of amazing adventures. Diesel has not had much in the way of training before he came to the centre and can get a little over excited, he would suit a family who are happy to build up his training which he would really enjoy. Diesel will need someone at home most of the time to help him settle and adjust to family life. He is a very loyal dog who will love you with his whole heart. Diesel will need to be the only pet and could live with children aged 14 years and over.
