Pluto and Astra

Reference	Breed	Age	Adoption fee
WC080/20 WC085/20	Domestic Short Hair	18 weeks	£157.50 for both

A little bit about Pluto and Astra...

Sweet little kittens who are looking for their new home, they were born here at the centre after their mother was brought to the centre via an inspector who found her living in poor conditions. Pluto and Astra are playful, cheeky and mischievous kittens who will make the most fantastic family pets, they are suitable to live with other cats, children aged 6 years and over but will need adopters who will not leave on their own for long periods while they are still so young.

My personality...

Please adopt me with my friend

I'll probably spend more time inside

I could live with children

I'm full of energy and love to play
