A little bit about Daisy...

Daisy came to the centre as she became too lively for her previous owner, she is a sweet girl who loves to live life to the max. Daisy has bundles of energy and is always on the go, we are looking for active adopters who will match her enthusiasm for life. Daisy needs adopters who will take her on long exciting walks as every day is a new adventure for her and she could quite easily become very bored. Daisy will benefit from some training / socialization classes as she can become quite vocal when she gets excited and meeting new dogs. She is sociable with other dogs but lacks doggy manners so could do with a helping hand to help her overcome this. Daisy is very intelligent and eager to learn new things, Daisy will need someone who will not leave her for long periods as she gets a bit worried when left on her own. Daisy is suitable to live with another compatible dog after a successful introduction at the centre and children aged 8 years and over.
