## A little bit about Flick...

Dear little Flick came to the centre as sadly her elderly devoted owner became unwell and could no longer take care of her, she is such a sweetheart who is quiet, gentle and very very sweet natured. Flick has an over reactive thyroid for which she is on medication for, she is also a little stiff and receives pain relief for this. She is a great little cat who takes her medication really well, she will be on our assisted adoption scheme for these conditions which management will be happy to discuss with you. We are looking for a nice quiet home for Flick where she can snooze her days away on a nice comfy sofa, she will happily sit with you while you relax and watch tv. Flick is missing being part of a loving family and we would love to see her settled with a new family. Flick will need to be a house cat.

### My personality...

I'd prefer to be the only cat in a home

I need to be kept indoors

I could live with children of secondary school age

I love a cat nap
