A little bit about Zophia and Munch...

Zophia and Munch came to the centre separately, we have had them neutered and bonded them together. Zophia came to the centre via an inspector after her owner could no longer take care of her, Munch came in as he and his siblings were not getting on. Munch had clearly been picked on by his brothers as he had lots of bite marks all over his body. He and Zophia are a perfect match and became inseparable quite quickly. Zophia can get very anxious with anything new happening to or around her so we are looking for an adult only home with experienced owners that will help her overcome her insecurities. **ACCOMMODATION** - Hutch 6ft minimum with an 8 ft run attached. For indoor rabbits please discuss with a member of staff.
