A little bit about Rupert...

Rupert is a sweet natured cheeky playful lad who came to us as his owner could no longer take care of him, he is looking to share his life with a female rabbit so new adopters must already have an existing female for him to bond with. Rupert's front teeth need clipping on a regular basis so we are looking for adopters who are experienced with clipping teeth or willing to take to a vet to do. Rupert's accommodation will need to be a hutch of minimum 6ft and an attached run of minimum 8ft, staff will be happy to discuss any alternative accommodation with adopters.

My personality...

I may be able to live with a female rabbit

I need to be able to go outside and explore

I could live with children of primary school age

I like treat time and being hand-fed
