## A little bit about Molly & Kim...

Molly and Kim are sweet girls who came to the centre via an inspector after their needs were not being met. They are extremely close to one another so we are looking for a home where they will stay together. Sadly they have not had much experience of the outside world so adopters will need to give them lots of time and patience to help them overcome their insecurities. Both Molly and Kim, are very nervous when meeting new people and experiencing new situations so we are looking for an adult only home with adopters who are gentle, kind and understanding of their past. Once they get to know to you they love to be with you, and enjoy being fussed and comforted. We would love to see these two beautiful, sweet girls in the loving home they deserve. Molly is on medication for asthma but will be on our assisted adoption scheme for this, so please don't let this put you off. Staff will be happy to advise on this. Please find it in your heart to open your home to these wonderful girls.
