A little bit about Nevada...

Nevada came to the centre as he was simply unwanted by his previous owner, he is a sweet boy who will need a little help with his socialisation as he has not been handled very much and panics a bit. We are looking for experienced adopters who will give the time and TLC he needs to settle. Nevada will need to be homed where there is an existing female rabbit, Nevada is not yet neutered but will be before adoption so adopters will need to be patient to bond him until he is in the safe zone. Nevada's accommodation will need to be a hutch of minimum 6ft and an attached run of minimum 8ft, staff will be happy to discuss any alternative accommodation with adopters.

My personality...

I may be able to live with a female rabbit

I need to be able to go outside and explore

I'd prefer an adult only household

I like treat time and being hand-fed
