A little bit about Friday...

Friday came to the centre via our local dog warden after she was found wondering the streets all alone in terrible condition. She is now looking for her forever home where she will be loved and cherished. Friday is a very gentle, kind and laid back girl who would love a comfy sofa where she can snooze the days away. She does love her walks, but is then happy to lie and watch the world go by. Friday is extremely affectionate and loves her cuddles and lots of attention. She is suitable to live with children aged 8 years and over, and could live with another dog of equal size after a successful introduction at the centre. Unfortunately Friday is not suitable to live with cats or small animals.

My personality...

I need training how to sit nicely (and then I can master the rest)

I'd prefer not to live with a cat

I could live with children of secondary school age

I love to snooze

I may be able to live with another dog
