## A little bit about Pippa...

Pippa is a really sweet girl who came to us via an inspector after her owners breached a ban of owning dogs, she is happy friendly little dog who just loves to be around people. She is always waiting to say hello and will never turn down a kiss and a cuddle. Pippa is a gentle girl who is happy to meet everyone with a big smile on her face, she walks well on the lead and is social around most other dogs. Pippa will need adopters who will not leave her on her own for long periods as she is not used to being left. She could possibly live with another dog after a successful introduction at the centre. She is suitable to live with children aged 10 years and over. Pippa has a strange gait which has been checked by a vet who says it is neurological and not painful, this is more than likely degenerative, staff will be happy to discuss any concerns potential adopters may have.
