## A little bit about Rolo...

Rolo came to the centre via an inspector after his needs were not getting met. Rolo is a very sweet boy who does not realise how big and strong he actually is. We are looking for experienced dog owners who have owned large breed dogs before who have needed a little extra help with their training. Rolo has been assessed by our behaviorist and has a training plan in place. Adopters must be willing to carry on his training and enroll him with a behaviorist or dog trainer, either the one we use or one of their own. Rolo is very willing to learn new things but adopters will need to be very patient with him as he is still very young and boisterous. Rolo still has a lot to learn but we feel the kennel environment is holding back his potential, Rolo is best suited to staying in the York and surrounding area. Rolo unfortunately is not sociable with other dogs or cats so will need to be the only pet in the home, we are also looking for an adult only home. Rolo has so much potential to make the most fantastic, loyal and loving pet. Rolo has improved so much in the weeks that we have had him here which is just lovely to see but what we really want for this big chunky boy is to find a family of his very own who won't let him down. Please note, we will be collecting applications and selecting the most suitable home for him.

### My personality...

You'll need to take me to training classes

I need teaching that it's ok to be alone
