A little bit about Grant & Gizmo...

Grant (Black) & Gizmo came to the centre via an inspector after their needs were not getting met. They came from a multi cat home and have not been given the attention they needed while young so are extremely nervous around new situations and meeting new people. We are looking for patient adopters who will give them the time and space they need to settle into family life and overcome their insecurities. They will need a home where adopters have a spare room they can be kept in until they have settled in and gained confidence. They are lovely boys who have come on well since arriving at the centre and we now feel they would better just finding their forever home. These boys are not aggressive in any way they are just very scared. We are looking for an adult only home. Grant & Gizmo are house cats.
