A little bit about Saskia...

Saskia came to the centre via an inspector after her needs were not getting met, Saskia is such a sweet and gentle girl who is now well on the road to recovery. We now feel she is ready to find a home with people who will love and care for her for the rest of her life. We are looking for a home with owners who have either experience with Akitas or large breed dogs. Saskia is always there waiting for you on a morning and will greet you with a big waggy tail and a big cuddle. We would love to see Saskia in a loving home at her time of life and not left in a kennel. Have you got a space on your sofa for Saskia? Saskia will need to be the only pet in the home and can live with teenage children and over

My personality...

I walk nicely on a lead

I can be left alone for short periods

I'd prefer not to live with a cat

I could live with children of secondary school age

I'm a gentle giant (big and strong)

I'd prefer to be the only dog in a home
