## A little bit about Lilly...

Lilly came to the centre via an inspector after being found in horrendous condition, she was emaciated and her skin was red raw and extremely painful. Lilly has now been at the centre a couple of months while receiving veterinary treatment for her skin. Its been a tough journey for Lilly but we now feel she is ready to find her forever home. Lilly is still on treatment for her skin as she has not completely healed but she is very nearly there. Lilly can be very nervous and unsure when meeting people for the first time which is understandable with her terrible past, once she knows you she is the friendliest most sweetest girl who loves her fusses and attention. She has come on leaps and bounds since first arriving at the centre all scared and sore. Lilly will need an understanding owner who will give her the time and patience she needs to settle. Lilly will need an adult only home where there are no other pets. She will need several meet and greets with potential adopters. PLEASE NOTE - WE CAN ONLY RE HOME TO ADOPTERS WHO LIVE IN THE SAME TIER AS YORK.
