A little bit about Layla...

Layla came to the centre after cruelly being abandoned in a layby in a box, she was ever so lucky that someone found her and brought her to us. She has been left, understandably, a bit traumatized by her ordeal and is a little timid and confused at the moment. We are looking for a nice quiet home with adopters who will help her overcome her insecurities and settle into the lovely cat we know she can be. We really would love to see the smile back on this very sad girl's face. She would be best suited to being an only pet, and with children aged 13 years and over. LAYLA IS SUITABLE TO BE A HOUSECAT

My personality...

I'd prefer to be the only cat in a home

I need to be kept indoors

I could live with children of secondary school age

I love a cat nap
